Community Center Free Use Request

The SICC Board encourages the use of the Community Center for activities which promote its mission. To that end, the Community Center may be used at no charge for one day by any island resident who would like to hold a free event there for Samish Island residents that meets any of the following criteria:

- Educates residents
- Improves the island neighborhood
- Promotes the general welfare of residents
- Fosters a sense of community
- Highlights island history
- Maintains and nurtures the island's natural environment

No commercial activity of any kind is allowed at such events. Requests for free use of the hall should be submitted to the SICC board in writing for approval. Requests should include a brief description of the event and explain how it meets one or more of the criteria. The board will make every effort to respond to proposals following the next regularly scheduled board meeting, generally the third Tuesday of each month. Upon approval, you may reserve the hall and advertise as you see fit. To request a free use for one of the above purposes, please complete the information below and submit this form to the President.
