*Hello Samish Islanders - The Edgewater Garden Club of Samish Island (EGC) is now gathering recipes for a NEW Samish Island Cookbook.*

The new cookbook will be a combination of people's favorites from the 2002 Cookbook (out of print), and new contributions from Samish Islanders. Our focus is wonderful things to make with local products from our own Gardens, Waters, Valley, and State. Please share the recipes you love - from simple family favorites to 'entertaining everybody you know.' To contribute new recipe/s or request we include your favorite/s from the old cookbook, please:

**New Recipes:** Provide a typed or scanned copy of the recipe. Recipes can come from any source – your own, your family, a cookbook or magazine, the internet. Any recipe that you want to share with other Islanders! Along with the recipe, please provide any history, story, or acknowledgment regarding each recipe.

**Old Cookbook Favorites:** Make a list of Recipe Names and page numbers from the old book that you feel should be included in the new book because they are wonderful! Also, let us know if you have any edits or corrections to those recipes and we'll add them this time around.

*Send your contributions and ideas by email, snail mail, or drop them off to:*
